

SPORTS SEASON

GEORGETOWN & SCOTT COUNTY MUSEUM

SPORTS ARE BACK IN SESSION

LAST YEAR WAS A TOUGH YEAR FOR THE SPORTS INDUSTRY. HOPEFULLY THIS YEAR IS BETTER!

Sports had a hard time in 2020. They went from the main source of entertainment for people all around the world to empty and silent stadiums. While not in use for sports, stadiums and arenas around the world were converted into field hospitals and coronavirus testing sites at the height of the first wave of the pandemic.

For this year, let's hope we get those sports back in session and the roaring fans back in the stands.

CROQUET DISPLAY

ARCHIE BURCHFIELD FEATURE

Before there was a USCA, there was Archie Burchfield croquet champion. Unknown to the "croquet whites" of organized croquet the Kentucky croquet players had their own players, game, and championship tournaments. It was Archie that first became aware of Mr. Osborn's USCA and rocked the six-wicket game by demonstrating his top notch playing ability against the USCA's best. Over the years, Archie showed that croquet belongs to everyone, not just an elite few- it is a democratic game that knows no allegiance to a social class.

Archie has represented the USA in international competition, won major tournaments, and has been one of America's best ambassadors for the game. He alone has brought croquet to late night television. He and his wife, Betty, have hosted players from around the world and introduced them to Kentucky (clay court) Croquet.

Archie is one of the true croquet originals of America!!
